

CornerHouse Minneapolis Basic Forensic Interview Training

Learn the CornerHouse Forensic Interview Protocol™

A credible, reliable, developmentally flexible, and trauma sensitive forensic interview protocol appropriate for children, adolescents, and vulnerable adults

What will you learn?

- CornerHouse Forensic Interview Protocol
- CornerHouse Guiding Principles
- Multi-Disciplinary Teamwork
- Foundations of Forensic Interviewing
- Child Development and Developmental Expectations
- The Experience and Disclosure of Sexual Abuse
- Forensic Use of Anatomical Dolls

Structure

- 6 hours of online coursework, available two weeks before the in-person training
- Active and experiential in-person training that takes place over 4.5 days in Minneapolis
- The small personal learning environment includes lecture and discussion, demonstration videos, video-recorded interview simulation with trained actors, and peer review
- All trainers are experienced forensic interviewers

Who?

- This training is appropriate many multi-disciplinary team members, such as prosecuting attorneys, forensic interviewers, child protection workers, law enforcement staff, children's advocacy center personnel, and tribal social service investigators
 - Can gain continuing education credit for some professions

Cost, Registration, Dates

- Early Bird Cost: \$1165; \$1365 if booked within 30 days of training
 - Participants are also responsible for transportation, lodging, and some meal costs
- 2017 Dates Include: January 23-27, March 13-17, May 1-5, August 21-25, October 2-6, December 4-8
- Register online at www.cornerhousemn.org/basicinterview.html
